Barbara D'AMARIO

E-mail: 3damario@gmail.com
Mobile: +39 3281258726

Education

- March 2020 – May 2020
  Specialisation course in technical-scientific translation ("Corso di alta formazione in traduzione tecnico-scientifica") English > Italian
  SSIT - Scuola Superiore per Interpreti e Traduttori, Pescara, Italy
  Mark: 30/30

- February 2013 – September 2017
  PhD in Environmental Sciences
  Institut de Ciència i Tecnologia Ambientals, Universitat Autònoma de Barcelona, Spain
  Scholarship FI-DGR from AGAUR, Generalitat de Catalunya
  Thesis title: *Coccolithophore calcification, life-cycle dynamics and diversity in a warming and acidifying Mediterranean Sea*
  Mark: very good with honours

- May 2009 – July 2011
  Laurea specialistica (MSc) in Sedimentary Geology and Biostratigraphy
  G. d'Annunzio University, Chieti-Pescara, Italy
  Thesis title: *Evolution of the mid-Pliocene calcareous nannofossil assemblage and its possible correlation with the global climatic evolution*
  Mark: 110/110 with honours

- October 2005 – April 2009
  Laurea triennale (BSc) in Geological Sciences
  G. d'Annunzio University, Chieti-Pescara, Italy
  Thesis in title: *Correlation among lithologically different Lower Kimmeridgian sediments*
  Mark: 105/110

Work experience

- November 2018 – Present
  Scientific-technical editor, Self-employed
  Duties: copyediting and proofreading of scientific-technical documents in standard British/American English and Italian through the website *Earth Science Editing*. Continuous collaboration with the international companies Cactus Communications and Enago.

- October 2011 – February 2013
  Wellsite stratigrapher, Robertson CGG GeoConsulting
  Duties: preparation, analysis and stratigraphical interpretation of nannofossils samples. Compilation of biostratigraphical reports.

Scientific publications

- D'Amario, Barbara; Ziveri, Patrizia; Grelaud, Michael; Oviedo, Angela Maria; Kralj, Martin (2017): "Coccolithophore haploid and diploid distribution patterns in the Mediterranean Sea: can a haplo-diploid life cycle be advantageous under climate change?" *Journal of Plankton Research*, 39, 781 – 794.

- D'Amario, Barbara; Ziveri, Patrizia; Grelaud, Michael; Oviedo, Angela Maria (2018): "*Emiliania huxleyi* coccolith calcite mass modulation by morphological changes and ecology in the Mediterranean Sea." *PLOS ONE*, 13, e0201161.
